Helpful tips:

- If you wish to adapt this curriculum to account for transferred credit or variances in the total number of credits per semester, it is not recommended that you alter the order of the **Required Concentrate courses** as these have been arranged based on course prerequisites.
- For **General Music Elective courses** and **General Education courses**, make sure that you are selecting a different course from the list each time. With the exception of OLMSC-130: Applied Math for Musicians, the **General Education courses** can be completed in any order and can be substituted for one another in your academic plan in the event that you have received transfer credit to fulfill one of these areas.
- Please note that your theory/harmony courses in the **Required Concentrate Courses** must be from the same sequence. For example, you may complete OHARM-101: Music Theory 101 and OHARM-201: Music Theory 201. You *cannot* complete OHARM-101: Music Theory 101 and OHARM-110: Getting Inside Harmony 1.
- For this major, Study Abroad is recommended in semester 4 through semester 6 for those interested students.
